Manchester 2024

CELEBRATE WITH US INNER WHEEL CENTENNIAL 2024

Who Are We

We are women who are part of a leading International Women's Organisation. With over 100,000 voluntary Members, we support communities both locally and worldwide.

At the United Nations in Geneva, New York, and Vienna, Inner Wheel has 7 Representatives actively impacting legislation for women and girls.

In New Zealand, we have over 40 Clubs, and growing, across the North and South Island with one Club based in New Caledonia. In just one year, our Members have donated 51,000+ voluntary hours, supported 310+ charities, and raised \$297,000+ in donations - all this with no admin costs.

Centennial Celebrations 2024

We would like you to join us in our worldwide centennial celebration. In January 1924, our pioneer founder Margarette Golding chartered the inaugural Inner Wheel Club of Manchester with the assistance of Rotary. She gave women a name and a place to contribute and belong.

"In Friendship" Rose

To mark this special occasion, Inner Wheel announces the newly released rose, "In Friendship" - Mattwheel, especially bred and grown for us by Matthews Roses. This Rose is only available by pre-order through our organisation.

An order form is on our website. Plants will despatched in Winter (June-July) 2024.
